NOTE FOR: Chief, Special Security Center

Chief, Community Security Group

SUBJECT: Clearance Statistics

25X1A

[REDACTED] provided me the attached material.

He supplemented his note with the word that it would be well if these figures were held and used as the "official" word by CIB.

He expressed appreciation for the work you and SCC officers did in this matter.

You might also suggest that PPG retain a copy as an attachment to D/S's 5 October 1979 memo to the DCI since that memo also served as a source of [REDACTED] compilation.

Bob--

Attached is a set of the clearance statistics I provided to the DCI on 1 November 1979. I have also attached to the back of each table an annotation showing where the figures came from. I don't claim the greatest accuracy in the world for these figures, but the DCI is using them as though they are highly accurate so I thought you ought to have a record of where they came from.
